

# TITUS 2 WOMEN

---

As women, we are created to be relational. We have a desire to nurture and be nurtured. Our goal at College Park is to intentionally equip women to understand the Biblical principles of womanhood in all areas of life and to be firm and growing in their faith in Jesus Christ.

Following the mandate found in Titus 2:3-5, our discipleship groups consist of two mature women co-mentoring six to eight younger women in their walk with Christ. Each group commits to meeting once a month and is focused on spiritual formation or homemaking.

Groups generally are formed in January and meet throughout the year. However, we do have some openings all year long.

Please contact [Jane Schuth](#) for more information.
