Attend First Fridays – Missions Prayer

Praying for our missionary families and global partners is one of the most important things we can do. We meet on the first Friday of every month for dinner, followed by a time of worship, a devotional, and prayer. This is a free event, and child care is available.

Attend Journey in Missions (JIM) Nights

If you have an interest in learning more about missions or think God is calling you into lifetime missions work, we invite you to our informal, monthly class led by Pastor Nate Irwin. We meet on the second Monday of each month from September through May. Child care is available.

Join a Barnabas Prayer & Support Team

How can you make a difference in Japan, Kuwait, Laos, or India from where you live in Indiana? Our missionaries around the world have Barnabas Teams that act as a spiritual and emotional lifeline. These teams have agreed to meet once a month to pray specifically for their missionary.

Go on a Vision Trip

We believe that taking a trip to experience the sights, sounds, and smells of our strategic partner countries is the best way to get a real vision for our ministries.

Host an International Student (FISH Ministry)

Did you know you can be a missionary to China, without leaving your house? College Park Church is continuing a ministry called Friends International Student Hospitality (FISH). The ministry involves “hosting” a student for dinner two times a semester for a year. This simple gesture of kindness and hospitality could open up an opportunity to lead someone to Christ. Hosts are generally matched in the fall when school begins.

Take Your Job Elsewhere, Sign Up for the DELTA Force

God is building a force of laymen and women who deliberately move to the dark corners of the earth, carrying with them the light of the Gospel (Genesis 12: 2-3; Psalm 67: 1-2). These workers follow God's command to GO by using their "secular" professions as a base for support. They are the DELTA Force: Deployed, Engaged; sent to the Least reached; they are Trained and Accountable.
